

Dear Parents,

We will be starting an after school tutoring program at Hempfield High School sometime in the near future. The program will run every Thursday until 4:45. The tutoring will be done in the Drop-In Center at the high school and will be staffed by teachers and paraprofessionals. Your child has been recommended for this program either by one of their classroom teachers, their guidance counselor, or their principal. Students may voluntarily enter the program and parents may also enroll their son or daughter in the program.

The program is set up to provide some individual, though not one-on-one tutoring, or small group tutoring to benefit our students. There is no cost for the program and transportation will be provided by the Hempfield School District. Your child's guidance counselor has meet with your son/daughter and presented this option to them. We feel that each participant will benefit from the extra learning opportunities presented as well as the extra attention to his or her schoolwork.

If this is a program in which you would like your son/daughter to participate, please fill out the bottom of this form and have your child return it to his/her guidance counselor. If you have any questions about the program please contact the guidance office or myself.

Thank you for your consideration,

Mark E. Reinhardt
Associate Principal
