- Academic Grade
- Effort & Work Habits
- Teacher Comments (coded and /or free form)

The academic grade is reflected using a letter designation, currently A-F with pluses and minuses in grades 9-12. The final grades on a Hempfield High School transcript for each course are comprised of 50% summative assessment data and 50% formal (graded) formative assessment data.

The Hempfield High School Statement on Rank-in-Class is based upon a careful examination and study of material published by the National Association of Secondary School Principals, Education Research Service and Information Aid. A full description is in the Hempfield High School Student Planner.
