

Welcome to the Landisville Primary Center!

Important Dates:

First Day of School: Tuesday, August 22nd: Kindergarten students and families will have a special and unique first day of school. You will receive information along with your child's classroom teacher placement in the second week in August that also provides you with a schedule for the first day of school. Kindergarten students come to LPC with their family on this day at a designated time for a classroom tour, a meeting with their teacher, and a bus ride orientation with LPC Staff around LPC's campus. This learning session on the first day of school will be approximately 40 minutes.

Kindergarten students' first day on their own will be the 2nd day of the school year, Wed., August 23rd.
