April 2025

Spring 2025 Pennsylvania System of School Assessment (PSSA)

**English/Language Arts (ELA) Assessment for
Math Assessment for
Online Science Assessment for**

**Grades 3 through 8
Grades 3 through 8
Grades 5 and 8**

**April 22-24, 2025
April 28- May 2, 2025
April 28- May 2, 2025**

Dear Families of Students in Grades 3-8:

The Pennsylvania Department of Education (PDE) has established windows during which the PSSA testing will occur. These assessments are administered in all 500 public school districts in Pennsylvania and with the exception of a very few students who meet specific criteria for participation in an alternate assessment, all district students are expected to participate in the state assessments as shown above.

All assessment items are written to align with Pennsylvania's Academic Standards for the specific subject being assessed. The results of each assessment provide valuable data to the school district, which are used for program planning and improvement purposes. Each assessment is made up of multiple-choice, selected response, and constructed response items. For more information about the different types of items on the ELA, Math, and Science PSSAs, please see the attached Parent/Guardian FAQ document provided by the State.

Two copies of the individual student report for all assessments will be sent to the school district early in the fall for distribution to parents, teachers, guidance counselors, and/or principals. As soon as individual student results are received, a copy will be provided to parents.

On the reverse side of this letter you will find some important information regarding electronic devices as well as the State's Code of Conduct for Test Takers – please review this information with your child prior to the first testing window. Also, we have provided you with a copy of Frequently Asked Questions (FAQ) document prepared by the PA Department of Education that provides more detailed PSSA-related information. If you have any additional questions about the purpose, contents, or assessment process related to the PSSA testing that will occur in April/May, please contact your child's principal. Please note the following changes to the PSSA testing this year. Elementary Science testing is moving from Grade 4 to Grade 5. The Science test will be completed electronically for grades 5 and 8 as we prepare to meet the future electronic testing requirements of the State.

Sincerely,

Tab J. Musser, Ed.D.
Assistant Superintendent

Use of Electronic Devices During PSSA or Keystone Exam Testing

In an era of cell phones, smartphones and other electronic devices which can easily photograph and instantly share photographs, confidential and secure test materials can be easily compromised. Not only is it expensive to replace a compromised test item, the material contained in the PSSA and Keystone Exams is copyrighted property of the Commonwealth of Pennsylvania. Copying or duplicating the material from the assessment, including the taking of a photograph of secure assessment material, is a violation of the federal Copyright Act. Penalties for violations of the Copyright Act may include the cost of replacing the compromised test item(s) or fines of no less than \$750 up to \$30,000 for a single violation (17 U.S.C. § 101 et seq.).

In order to ensure reliable test results and to avoid the cost of replacing test items, the Department of Education requires schools to set rules and take certain steps to protect test materials. Electronic devices such as but not limited to cell phones, smartphones, smartwatches, E-readers, Nooks, Kindles, iPods, tablets, camera-ready devices, and any other electronic device which can be used to photograph or duplicate test materials, access the internet and/or communicate with others during the administration of the PSSA or Keystone Exams are not permitted in any testing site. Please speak with your child and let your child know that the possession and/or use of a cell phone or other electronic device during the administration of the PSSA or Keystone Exams will result in consequences. You will be contacted by the school if your child is discovered using and/or having a cell phone or other unapproved electronic device during the administration of the PSSA or Keystone Exams. Students who ignore this directive will be subject to the school's discipline policy and the Department of Education's requirement that the student's test will not be scored and the student will be required to retake the entire exam. The electronic device will be held by school staff, and the device's stored photographs and other functions will be examined with your permission. You may request to be present when the electronic device is examined. If a photograph of the PSSA or Keystone Exam is discovered or if permission to search other functions of the electronic device is refused, the device will be held by the school staff. The Pennsylvania Department of Education holds the copyright to all material contained within the PSSA and Keystone Exams. The Pennsylvania Department of Education will be contacted and further action may be taken.

If, after testing is complete and test materials have been returned, it is discovered that a student used and/or had a cell phone or other unapproved electronic device during the administration of the test, the school's discipline policy will be followed and the student's test will not be scored.

CODE OF CONDUCT FOR TEST TAKERS

DO . . .

- Listen to, read, and follow all directions given.
- Ask questions if you do not understand the directions.
- Read each question carefully, especially multiple-choice items that ask for the "best answer." Also, be sure to read any open-ended items carefully before responding.
- Be careful when marking your answers so that you do not skip spaces or fill in the wrong sections.
- Make sure to completely fill in the bubble for the answer(s) you select and erase completely any answers you change.
- Keep your eyes on your own test.
- Try to answer each test item.
- Check that you have completed all the test items in the test section before closing your test booklet or Submitting your final responses online.
- Report any suspected cheating to your teacher or principal.

DO NOT . . .

- Have notes in your possession during the test.
- Have any unapproved electronic devices (cell phones, smartphones, smartwatches, etc.) in your possession during the test. Note, you may have approved calculators, if applicable, during the test.
- Share a calculator with others.
- Use the bubbles in the answer booklet to either eliminate possible incorrect answers or possible correct answers by making marks in multiple bubbles and erasing. Mark only the bubble for the correct answer(s) you have chosen.
- Talk with others about questions on the test during or after the test. (Students should be assured that they may discuss the testing process or issues of concern with their parents/guardians.)
- Take notes about the test to share with others.
- Leave an online test session until the session is complete or until instructed to do so.
- Use social media to post information about the test and/or test items.
