**SUPERINTENDENT’S REPORT**

**School Community COVID Update:** Mr. Bromirski provided a final community COVID update and shared that the administration was notified of and reported 435 cases to the PA Department of Health (PA DOH) from 8/19/2020 through 6/4/2021. He explained that some of these cases involved students or staff who were not physically present in school during the infectious period. The district solicitor has recommended the district should end the 2020-2021 Health and Safety Plan, effective June 9, 2021, to ensure a clearly defined end to the current Health & Safety Plan. There will be an agenda item to discuss and vote on about this later in the meeting.

**2021-2022 School Year:** Mr. Bromirski said the Class of 2021 graduation was held on June 1 and was a wonderful event. Looking ahead to the 2021-2022 school year, he shared a reminder to every one of the importance of seeking clarity before presuming everything heard and/or read online is accurate. The Hempfield School Board is not changing the Hempfield mascot to the Green Saplings!

He gave a recap of the learning options that will be in place for the 2021-2022 school year. The three learning options are: in-person learning; Hempfield Virtual Academy (HVA) K-12 and home education. The district will not be offering the ability for students to join their classes virtually from home for an on-going basis.
Mr. Bromirski reminded the Board that they approved a resolution last August that was Section 520.1 of the PA School Code, which gave the district flexibility in terms of virtual days that may be needed because of an outbreak or any other challenges, such as building emergencies or severe weather. He recommends that the Board consider approving the resolution again for the 2021-2022 school year in July or August.

He said the district must submit a new Health and Safety Plan to PDE that will serve as local guidelines during the timeframe that we have submitted and are receiving federal dollars. He went over the components of the plan in detail and also went over the timeline requirements. The new Health & Safety Plan must be approved by the Board and posted online by July 30, 2021 and reviewed periodically. District administrators will work on plan development over the next month to get answers and provide an update to the Board at the July 13 school board meeting or sooner.

Details of this presentation may be found on the School Board webpage under June 2021 Documents.
